

## Battle readiness

He who wishes to stand on the side of the *Light* must be ready to fight.

*”Fight against the darkness, - in you and around you!”*

This you have already been told. With good reason “*in you*” takes the first place for it is the primary condition for becoming a true fighter for the Light.

In yourselves you must fight your weaknesses and faults, your wrong tendencies, your inappropriate characteristics which you acquired on earth. You cannot enter into service without being purified, - you would be hindered again and again in the proper fulfillment of the task assigned.

To fight against the darkness *around you* – means to always be aware of false promptings, of *dark influences beside you* which you are only able to perceive *inwardly* for they are not of a material nature. They include inner influences of *fellow* human beings with whom you have voluntarily formed an inner association or union. They often gain great influence on your actions through their self-will to which you *yield* only too willingly. Only seldom is their self-will in harmony with GOD’S laws. You are influenced by their thoughts and sentiments which are certainly not always *noble*.

Become *vigilant* in this regard and bear in mind that through all their weaknesses they are often – without being aware – used by the darkness , they are encouraged, urged, pushed, in order to pressure you and detract or weaken you in your work for the Light!

Your firm will, newly strengthened, can surmount this immediately, in an instant! Think of the sword of good volition which you have heard about! You are able to chase away entire troops of dark fighters who mean to harass you, if only you show *courage and steadfastness* both of which are alien to the darkness. You, however, have *on your side* countless light fighters for whom these are natural ways to fight: they do not retreat, do not weakly *yield* where they must *stand* according to GOD’S law. Learn from them!

Do you know now how you must conduct the fight? By living faithfully according to the declared Will of God, to *stand* in HIS Will on earth – not influenced by the antagonist and his dark minions or by followers: weaklings among humans who serve under his rule in order to *block* the victory of the Light.

You want to be children of the *Light*, clad with the weapons of the Light: earnest good volition, everlasting Love and readiness to serve, patience and perseverance, absolute selflessness and dedication! JESUS radiantly led the way for you! Follow HIM!
